Stockton Springs, ME 04981
August 17, 2011.

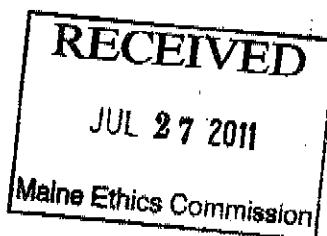

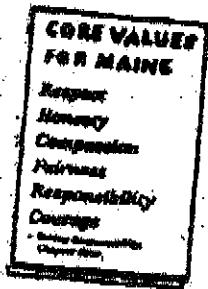

By fax: 1-207-287-6775
To: Commissioners of the Ethics Commission

As Concerned Citizens, we respectfully object to the Ratification of the Minutes of the June 23, 2011 Meetings, under the Agenda #1, during the July 28, 2011 Meeting. Our fax dated, July 26, 2011 was ignored by the commission, for correction of the minutes. Enclosed please find a copy of our July 26, 2011 fax, for your review. We contend by not acknowledging our request for correction of the minutes, that it violates our 1st Amendment Rights, under Freedom of Speech. It is a direct act of retaliation against our family, for attempting to set the record straight. We continue to invoke our rights under the Whistleblower's Act, to correct the minutes so they accurate reflect what is verbally said in the minutes.

We contend that the commissioners shouldn't have ratified the minutes of the June 23, 2011, without acknowledging our objection, for correction of the minutes. It is apparent to this commission that it doesn't matter what actually happens in a meeting, this commission is putting in the minutes what they want to be said, not what was actually said. It is disrespectful to us, to the truth and our 1st Amendment Rights, for our request, to correct the minutes to be ignored. It is apparent that the truth is irrelevant to this commission, at least in this case.

We challenge this commission to correct the minutes of the June 23, 2011 meeting from the July 28, 2011 Meeting, for accuracy and truth. By altering the minutes, it alters the 1st Amendment Rights under Free Speech and what we put into writing under FOIA, not FOATA. The minutes are public documents and the public has a right to know the truth. Thank you.

Concerned Citizens,
Josephine & Michele K Greenier

To: Commissioners of the Ethics Commission

As Concerned Citizens, we respectfully object to the Ratification of the minutes of the June 23, 2011 meeting, under Agenda #1. The minutes must reflect the accuracy of the meeting. We are submitting the corrections for the June 23, 2011 minutes as follows:

- ① The request was signed by both Joseph Greenier and Michele Greenier, addressed to the Commissioners, for clarification, dated, June 22, 2011.
- ② To reflect 100% accuracy of the minutes, the Greeniers requested information under FOIA, which is a federal law, in writing and verbally by Joseph Greenier, in the meeting, not FOAA. In a letter from Mr. Lawin, he changed our FOIA request, to a FOAA request.
- ③ We generally object to not correcting all of the minutes and motion to change three items down to two items
- ④ The fact is the Greeniers requested records under FOIA, in every request, not FOAA. Through the Law Library, the FOIA request is the same as FOAA. Both Mr. Wayne and Mr. Duchette maybe correct about requesting records under FOAA, but it doesn't reflect accurately what happened in the meeting, which is why we are requesting correction of the minutes. Otherwise, it is a direct attack against our 1st Amendment rights under the U.S. Constitution for Freedom of Speech. The minutes of the meeting have been adjusted to what should have been talked about, not what actually was talked about, regarding FOIA.

Thank you for your assistance in this matter.

Concerned Citizens,
Joseph Greenier

By fax: 1-207-287-6775
TO: Commissioners of the Ethics Commission

As Concerned Citizens, we respectfully request that corrections to the minutes to be permitted orally, by raising your hand, especially if the public had been personally involved in testifying at the meetings. It appears that this commission only wants to recognize a few selected people and the public is being locked out, from participation in the meetings.

We are respectfully requesting a correction of the Commission Actions Meeting of January 27, 2011 11:00am under #9 Exceeding Spending Limitations for MCEA Candidates /Sen. Roger Katz, under Vote. 4-1 (motion passed). The actual vote was 3-1 and Commissioner McKee recused himself.

Thank you for your assistance.

Concerned Citizens,
Joseph Greenier
michele Greenier

Honesty
Cooperation
Fairness
Responsibility
Character
Empathy

9. Exceeding Spending Limitations for MCEA Candidates /Sen. Roger Katz
The campaign of Sen. Roger Katz inadvertently spent more than was permitted under the Maine Clean Election Act program, because his campaign did not receive an invoice from a printing company for signs ordered by a campaign volunteer. Staff recommendation: the Commission staff recommends that the Commission find the campaign in violation of 21-A N.R.S.A. § 1129(6) and assess a civil penalty of \$50.

Motion: That the Commission accept the staff recommendation and assess a penalty of \$50.
Made by Mr. Youngblood
Seconded by Mr. Nowly
Voted 4-1 (motion passed)
Mr. Duchette voted nay.
